El agua es sinónimo de pureza. Este es el punto de partida para el diseño de esta colección de baño que combina delicadamente formas orgánicas con elementos geométricos y rectilíneos.

Se han trabajado líneas fáciles de entender, funcionales y que combinen con cualquier ambiente o entorno. Uniones delicadas, volúmenes que intersectan, todo en esta colección fluye y funciona sin necesidad de abalorios.

Una colección compacta, capaz de crecer según las necesidades de cada situación, combinando distintos tipos de materiales que acompañan los senos de KRION®, el elemento principal y más distinguible de esta colección por sus formas puras rotas por unas sutiles líneas de unión entre planos.

Water is synonymous with purity. This was the basis for the design of this bathroom collection, with its delicate mixture of organic shapes, geometrical designs and straight lines.

Its simple functional design fits in with settings of all kinds. With its subtle combinations and intersecting volumes, everything in Contept flows, with no need for any extra frills.

This compact collection can be extended to meet the requirements of each particular project by combining different types of materials with the Krion™ basins that form the nucleus and main hallmark of Contept, thanks to their clear-cut shapes, interrupted by subtle lines that mark the intersections between different planes.

PURE mezcla y combina distintos acabados para personalizar al máximo su aspecto. Maderas nobles para los muebles en roble, fresno blanco y nogal; terminaciones y complementos metálicos en negro y cobre para acompañar los elementos contruidos en Krion®, la parte fundamental de la serie y con el que se hacen senos, encimeras, bañeras y distintos elementos auxiliares.

PURE combines various different finishes so that bathroom projects can be lent a distinctively personal touch. Top-quality wood has been used for the furniture in a natural, oak, white ash or walnut finish, plus metal accessories and features in a black or copper finish, both accompanying the focal point of this series: the Krion™ basins, countertops, bathtubs and complementary items.
