## Mosaics

---

Atractivo y exclusividad, estas son las dos características que mejor definen los nuevos mosaicos de L'Antic Colonial. Colores, formas y dibujos que crean ambientes inigualables y atraen todas las miradas.

Diferentes materiales han sido seleccionados para componer estas novedades, así pues piedra, vidrio o metal son algunos de los materiales escogidos para formar estas piezas. Esta variedad supone una gran ventaja para combinarlos con cualquier otro material y poder colocarlos en infinidad de espacios.

*Attractiveness and exclusivity, these are the two characteristics that best define the new L'Antic Colonial mosaics. Colors, shapes, and designs that create unique settings and attract everyone's attention.*

*Diverse materials have been selected to make up these novelties; thus, we have stone, glass, or metal as some of the chosen materials to make up these pieces. This variety is a great advantage for combining them with any other material and for installing them in an endless number of spaces.*
