# ARO series

El agua es el elemento central de esta serie inspirada en la ceremonia del té japonés. De ahí, las profundas formas cóncavas de los diferentes elementos de la colección ARO, que recuerdan a los boles de porcelana utilizados en este rito. Bajo esta premisa, estudi{H}ac redefine una tradición ancestral con un diseño moderno al que da forma un material tan innovador como el compacto mineral KRION® a base de líneas sutiles, naturales y limpias, concretadas en figuras semicirculares de tacto cálido.

Una franja plana en forma de aro enmarca los diferentes elementos, recordando las manos de quien ofrece el té al invitado, de igual forma que el baño ofrece el agua para uso íntimo y personal.

Water is the central element of this series inspired by the Japanese tea ceremony. The deep concave shapes of the different elements of the ARO collection are reminiscent of the porcelain bowls used in this ritual. Under this premise, estudi{H}ac redefines an ancestral tradition with a modern design which shapes the innovative material of the compact mineral KRION®, based on subtle, natural and clean lines in semi-circular forms which are warm to the touch.

A flat strip in the shape of a ring marks the different elements, evoking the hands of the host offering tea to their guest, in the same way as the bath offers water for intimate personal use.

L'eau est l'élément central de cette série inspirée de la cérémonie du thé japonais. D'où les profondes formes concaves des différents éléments de la collection ARO, qui rappellent les bols en porcelaine utilisés à l'occasion de ce rite. C'est dans cet esprit que estudi{H}ac revisite une tradition ancestrale avec un design moderne auquel donne vie un matériau aussi innovant que le minéral compact KRION® sur la base de lignes subtiles, naturelles et pures s'exprimant sous forme de figures semi-circulaires agréables au toucher.

Une bande plate en forme d'anneau entoure les différents éléments, évoquant les mains de celui qui offre le thé à l'invité, tout comme la salle de bain offre l'eau pour un usage intime et personnel.

# RAS series

La serie Ras incorpora nuevos elementos que optimizan su carácter modular, ofreciendo un amplio abanico de combinaciones y posibilidades. Bañera, encimeras y lavabos fabricados en KRION®, con desagüe oculto y embellecedor del mismo material. La serie se completa con una amplia gama de muebles auxiliares en diferentes acabados: roble, lacado tórtola, lacado beige y lacado blanco.

La suma de estos elementos proporciona a la serie Ras un alto grado de funcionalidad y personalización, con una estética depurada.

The Ras series has been extended to include new items that broaden its modular potential, allowing for a wide range of possible combinations. As well as its KRION® bath, countertops and washbasins featuring a concealed drain and drain trim made of the same material, the series now includes a wide variety of complementary furniture in a variety of finishes: oak, beige lacquer, black lacquer, and white lacquer.

Thanks to its different components, the Ras series stands out for its functionality, refined visual appeal, and potential for customization.

La série Ras comporte de nouveaux éléments qui optimisent son caractère modulaire en multipliant ses possibilités de combinaison. Des baignoires, des tablettes et des lavabos fabriqués en KRION®, accompagnés d'écoulements invisibles et de garnitures faits dans le même matériau. La série est complétée par une vaste gamme de meubles auxiliaires en différentes finitions : chêne, laqué beige, laqué noir et laqué blanc.

L'ensemble de ces éléments dote la série Ras d'un niveau élevé de fonctionnalité et de personnalisation, ainsi que d'une esthétique épurée.

NEST  
Series

# NEST series

La nueva serie NEST presenta líneas suavemente redondeadas, inspiradas en formas asimétricas con una presencia exquisita, donde el diseño, al igual que el agua, fluye de forma suave y natural.

Este cuidado diseño con ausencia de esquinas permite que su mantenimiento y limpieza sea fácil y rápido, prolongando su durabilidad. Cuenta con un copete perimetral prácticamente imperceptible que favorece la higiene y evita las salpicaduras.

La serie se compone de varios elementos y materiales que se mezclan entre sí para ofrecer una amplia gama de opciones: encimeras, muebles, chasis metálicos y accesorios, con acabados de KRION® en las encimeras y lacados en blanco o negro en el resto de elementos. Disponible en medidas de 61x50, 80x50, 120x50 y 152x50 cm.

La encimera de KRION® no requiere chasis para el montaje, con lo que su instalación es muy sencilla, y el seno cuenta con un rebosadero de gran capacidad integrado para evacuar rápidamente el agua.

The new Nest series stands out for its exquisite slightly rounded design, inspired by asymmetrical shapes, with a gentle natural flow like water. Thanks to its carefully-conceived design with no corners, it is swift and easy to clean and care for and more long-lasting. It features a subtle lip around the perimeter for hygiene purposes and also to avoid splashes. The series includes various different components and materials that can be mixed and matched in a wide variety of ways, such as countertops, units, metal frameworks and accessories. The countertops come in a KRION® finish and all the other components in a black or white lacquer finish. Nest comes in a choice of a 61x50, 80x50, 120x50 or 152x50cm format. The KRION® countertop does not need a framework to mount it and so it is very easy to fit. The basin has a big integrated overflow for water to drain away quickly.

La nouvelle série Nest présente des lignes raffinées légèrement arrondies, inspirées des formes asymétriques, où le design, à l'image de l'eau, évolue d'une manière douce et naturelle. Ce design soigné, sans angles, permet un entretien et un nettoyage aisés et rapides, tout en prolongeant sa durabilité. Il dispose d'un rebord sur tout le périmètre pratiquement imperceptible, qui favorise l'hygiène et évite les éclaboussures. La série se compose de divers éléments et matériaux que l'on peut mélanger pour offrir une ample gamme d'options : plans vasques, meubles, bâtis métalliques et accessoires, avec des finitions en KRION® pour les plans vasques et des laqués blanc ou noir pour le reste des éléments. Disponible aux formats 61x50, 80x50, 120x50 et 152x50 cm. Le plan vasque en KRION® ne requiert pas de bâti pour le montage, ce pourquoi son installation est très simple. La cuvette dispose d'un trop-plein intégré de grande capacité pour évacuer l'eau rapidement.

# MODUL series

Serie de baño MODUL, basada en el plano y de línea minimalista. Casi aséptica, pretende ser aparte de una seductora propuesta estética, una controversia para los sentidos. Una fusión económica, estética y práctica. La pieza principal realizada en KRION®, la estructura metálica, la cuál confiere la rigidez necesaria al conjunto. Esta solución técnica y formal permite conseguir una sensación aérea, muy atractiva por su ligereza visual.

MODUL bathroom series, based on straight, minimalist lines. Pure in spirit, it is intended to provide a sensation that is simultaneously seductive and controversial. A combination that is economical, aesthetically pleasing and practical. The main component, made of KRION®, and a metallic frame, which provides the ensemble with the necessary stiffness. This technical and formal solution makes it possible to achieve an airy sensation, which is highly attractive thanks to its light appearance.

Série de salles de bains MODUL, inspirée du plan et de style minimaliste. Presque aseptique, en plus de constituer une proposition esthétique séduisante, elle se veut une controverse pour les sens. Une fusion économique, esthétique et pratique. La pièce principale est fabriquée en KRION® et la structure métallique dote l'ensemble de la rigidité nécessaire. Cette solution technique et formelle permet de suggérer une sensation aérienne, très attrayante par sa légèreté visuelle.
