MAMPARAS ENCLOSURES PAROIS

Unas mamparas que cubren todos los estilos de vida para que la familia pueda disfrutar a diario de la ducha.
Convertir el baño en un espacio más agradable y funcional es propio de
KRION SOLID SURFACE y de sus mamparas.

Products to suit all lifestyles. Transforming the bathroom into a more pleasant and functional space is the commitment of KRION SOLID SURFACE.

Des parois qui regroupent tous les styles de vie pour que la famille puisse quotidiennement profiter de la douche
au maximum. Changer la salle de bain en un espace plus agréable et plus fonctionnel est propre à
KRION SOLID SURFACE et à ses parois de douches.

Las compensaciones detalladas en éste catálogo sólo serán aplicables para las mamparas instaladas sobre la pestaña de un plato de ducha o de una bañera, ya que, las medidas deben ser tomadas necesariamente desde la pared hasta el borde exterior de los platos de ducha o bañeras. Para otros tipos de instalación diferente, deberán consultar con el Dpto. Comercial.

The compensations given in this catalogue are only applicable to enclosures installed on the rim of a shower tray or a bath, as the measures must be taken necessarily from the wall to the external edge of the shower tray or bath. For any other type of installation, you will need to consult with the Commercial Department.

Les compensations indiquées dans ce catalogues ne sont applicables que pour les parois installées sur un receveur ou sur une baignoire. Les mesures doivent être prises du mur jusqu'au bord extérieur du plateau de douche ou du bord extérieur de la baignoire. Pour tout autre type d'installation, il est nécessaire de consulter le département commercial.

ATTICA

El diseño enfocado a la facilidad de uso está implícito en todos sus detalles. Bisagras y anclajes alineados con los cristales para su fácil limpieza, ergonomía interior del tirador, innovador sistema pivotante de sus bisagras para obtener una suave apertura y cierre a la vez que una óptima estanqueidad.

ATTICA, fabricada en cristal templado de 8mm con el exclusivo tratamiento fácil limpieza Systemglass y sus complementos con acabados cromados alto brillo, es la combinación perfecta de elegancia de formas y minimalismo.

A design focusing on ease of use is implicit in all of its details. Hinges and fastenings aligned with the glass to make it easy to clean, the interior ergonomics of the handle, the innovative pivoting system used for the hinges to ensure gentle opening and closing, as well as a perfectly watertight seal. ATTICA, made of tempered 8 mm glass with the exclusive easy-to-clean Systemglass treatment and its accessories in a high-gloss chrome finish, is the perfect combination of elegant shapes and minimalism.

Le design orienté facilité d'utilisation est implicite dans tous ses détails. Charnières et ancrages alignés sur les vitrages pour un nettoyage plus facile, ergonomie intérieure de la poignée, innovant système pivotant des charnières pour garantir une ouverture en douceur, de même qu'une étanchéité optimale. ATTICA, fabriquée en verre trempé de 8 mm avec le traitement exclusif Systemglass pour un nettoyage facile, et des compléments en finition chromée hautement brillante, une combinaison parfaite d'élégance de formes et de minimalisme.

ATTICA SERIES

ATTICA P10

ATTICA 2B

ATTICA BLACK EDITION

Delicadeza y funcionalidad para desarrollar una mampara sencilla y sofisticada, con un nuevo acabado negro mate que remarca sus formas delicadas y simples, dotándola de una gran elegancia y distinción.

La fusión de la pureza de su concepto, con la armonía de las suavizadas formas rectangulares de sus elementos, hacen de esta mampara una apuesta innovadora capaz de satisfacer las más altas expectativas.

A shower enclosure that combines simplicity and functionality with delicate sophistication in a new matt black finish that emphasizes its clean graceful lines to elegant effect.

Thanks to its pure lines and the harmonious smooth rectangular design of its different components, this shower enclosure is an innovative solution, able to satisfy the most demanding users.

L'alliance de la délicatesse et de la fonctionnalité donne naissance à une paroi de douche simple et sophistiquée, avec une nouvelle finition noire mate qui met en valeur ses formes à la fois simples et délicates, en lui conférant élégance et distinction.

La fusion de la pureté de son concept avec l'harmonie des formes rectangulaires adoucies de ses éléments font de cette paroi de douche une proposition innovante qui sait répondre aux attentes les plus exigeantes.

VITRA

La serie de mamparas VITRA presenta formas curvas y sólidas con un diseño revolucionario. Por sus características formales permite multitud de instalaciones, incluyendo adaptaciones con puertas correderas curvas o modelos para instalar sobre bañera.

La arquitectura que emplea (con acero inoxidable y vidrio) hace de la serie VITRA un referente de diseño que permanece en el tiempo, garantizando el concepto de bienestar en el espacio del baño.

VITRA is an enclosure series easily recognizable for its solid, curved shapes and revolutionary design. Thanks to its formal characteristics, it can be fitted in numerous different ways, even with curved sliding doors. Likewise, VITRA also features models that can be fitted on bathtubs.

Made of stainless steel and glass, VITRA's design gives it a timeless appeal, guaranteeing the concept of wellbeing in bathrooms.

La série de parois VITRA se distingue par des formes courbes et solides dont le design est révolutionnaire. Leurs caractéristiques formelles permettent une infinité d'applications, y compris des adaptations pour des portes coulissantes courbes ou des modèles à installer sur la baignoire.

L'architecture qui emploie ces produits (en acier inoxydable et en verre) fait de la série VITRA une référence de design qui résiste au temps pour garantir le concept de bien-être dans l'espace de la salle de bains.

SILKE

La línea de mamparas SILKE se concibe de la extrapolación de formas puras, minimalistas y asépticas, con una intervención amable en su geometría, aúna diseño y tecnología, empleando materiales como aluminio y vidrio, que se integran para generar un espacio diáfano y liviano que invita a acceder a su interior.

The SILKE range of enclosures is based on pure, minimalist and aseptic concepts that have shaped its geometry, in a combination of design and technology, and featuring materials such as aluminium and glass that blend to create a pleasant and light-filled space that draws you in.

La gamme de parois de douche SILKE est le fruit de l'extrapolation de formes pures, minimalistes et aseptiques et d'une intervention discrète sur leur géométrie. Elle allie design à la technologie et est faite de matériaux tels que l'aluminium et le verre, qui s'intègrent pour créer un espace diaphane et lumineux qui invite à y pénétrer.

S+LINE

La nueva mampara S+LINE está inspirada en la naturaleza, en la realización de una mampara corredera donde las formas delicadas y sinuosas sean las grandes protagonistas. Armonía y funcionalidad han sido los aspectos considerados para desarrollar un producto sencillo con sofisticación estética, adaptable a cualquier tipo de espacio.

Inspired by nature, S+LINE is a new sliding shower enclosure conspicuous for its delicate sinuous shapes. Functionality and visual appeal have been given priority in this simple, yet sophisticated looking shower enclosure, suitable for use in shower areas of all kinds.

La nouvelle paroi S+LINE puise son inspiration dans la nature, avec la réalisation d'une paroi coulissante dans laquelle les formes délicates et sinueuses jouent le premier rôle. Harmonie et fonctionnalité, tels sont les aspects qui ont été considérés pour le développement d'un produit simple à l'esthétique sophistiquée, adaptable à tout type d'espace.

S+LINE BLACK EDITION

S+LINE es una perfecta combinación entre tecnología y estética. Sus componentes de seguridad y funcionalidad hacen de esta mampara una de las más completas y técnicamente avanzadas. Así mismo, sus mecanismos quedan ocultos discretamente sin comprometer su estética depurada. Gracias al acabado negro mate nos sumamos a las últimas tendencias del baño y decoración, ofreciendo nuevas soluciones para poder combinar con elementos decorativos en ambientes singulares. El objetivo: crear espacios armónicos acordes con los gustos actuales.

S+LINE is a perfect blend of technology and visual appeal. Thanks to the functionality and safety of its different features, this is one of the best integrated and most technically advanced shower enclosures. Its discretely concealed mechanism also serves to enhance its refined design. Thanks to its matt black finish, S+LINE meets the latest trends in bathrooms and design, offering new shower solutions that can be combined with decorative features to create harmonious one-of-a-kind settings in keeping with current tastes.

S+LINE sait parfaitement allier la technologie et l'esthétique. Grâce à ses éléments de sécurité et de fonctionnalité, cette paroi de douche est l'une des plus complètes et les plus avancées sur le plan technique. De même, ses mécanismes sont discrètement cachés sans compromettre son esthétique épurée. Grâce à sa finition noire mate, cette paroi de douche s'inscrit dans les dernières tendances de salles de bains et de décoration, en offrant de nouvelles solutions pouvant être combinées avec des éléments décoratifs dans des ambiances remarquables. L'objectif : créer des espaces harmonieux en accord avec les goûts actuels.

NEO

La serie NEO se conforma como un ejercicio de pureza formal, destinada a llenar un espacio protagonista por sí sola allí donde se ubique. Versatilidad y vanguardia han sido los aspectos considerados para desarrollar un producto sencillo, adaptable a cualquier tipo de espacio.

The NEO series is an exercise in formal purity, designed to become a focal point in any setting. Versatility and innovation are the key to this simple product that can adapt to any space.

La série NEO est le résultat d'un exercice de pureté formelle et aspire à se mettre au premier plan de toute ambiance, quel que soit l'endroit où elle est posée. Versatilité et avant-garde ont été les aspects pris en considération pour développer un produit simple, qui s'adapte à n'importe quel type d'espace.

YOVE

Colección de mamparas YOVE nace con un espíritu minimalista y actual, con sencillez en sus líneas de diseño sin renunciar por ello a un funcionamiento robusto.

La colección se presenta en diferentes formatos y tamaños para cumplir con los diferentes requisitos, con dos alturas: mamparas de 1950 mm para de platos de ducha y 1450 mm para bañeras.

YOVE is the collection of bath and shower enclosures that stands out for its up-to-date, minimalist design, without relinquishing robust strength.

The collection comes in a choice of different formats and sizes to meet varying requirements, with two heights: 1950mm enclosures for shower trays and 1450mm ones for baths.

La collection de parois YOVE voit le jour dans un esprit minimaliste et actuel, caractérisé par la simplicité de ses lignes, mais sans renoncer pour autant à la robustesse.

Elle est disponible en différents formats répondant parfaitement à la demande du marché. La paroi est fabriquée en deux hauteurs, 1950 mm pour les receveurs de douche et 1450 pour les baignoires.

SystemGlass

El acabado System-Glass consiste en un tratamiento transparente, incoloro e inodoro. En los vidrios tratados con System-Glass el agua desliza fácil y rápidamente por la superficie prolongando por más tiempo un aspecto limpio y brillante. System-Glass disminuye las deposiciones de jabón y cal sobre el cristal tratado, mantiene la transparencia natural del mismo, minimiza la carga bacteriana y facilita la limpieza, sin necesidad de recurrir a procedimientos agresivos y abrasivos.

El tratamiento System-Glass es estable y duradero en el tiempo, cumpliendo con los más altos estándares de calidad del mercado. Este tratamiento esta certificado y avalado por laboratorios certificados externos a KRION SOLID SURFACE.

System-Glass is a transparent, colourless, innocuous treatment for glass. Once glass surfaces have been treated with it, System-glass ensures that water runs swiftly and easily across the surface of the glass, prolonging its clean, shiny appearance. System-glass reduces the lime scale, soapsuds and bacteria that build up on glass, conserving its natural transparency. Likewise, it facilitates the cleaning process by avoiding the need for aggressive, abrasive cleaning methods.

System-Glass is a long-lasting stable treatment, designed to meet the highest quality standards on the market. The treatment is certified and guaranteed by external laboratories.

La finition System-Glass consiste en un traitement transparent, incolore et inoffensif. Sur les verres traités par le système System-Glass, l'eau coule facilement et rapidement sur la surface, et l'aspect propre et brillant de ces derniers dure plus longtemps. System-Glass réduit les dépôts de savon et de tartre sur le verre traité, préserve la transparence naturelle de ce dernier, réduit la charge bactérienne et facilite les opérations de nettoyage sans devoir recourir à des méthodes agressives et abrasives.

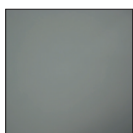

Le traitement System-Glass est stable et durable dans le temps; il répond par ailleurs aux plus hautes exigences de qualité du marché. Ce traitement est certifié et avalisé par des laboratoires agréés indépendants étrangers à KRION SOLID SURFACE.
